## 16 Year Follow-up

## Teenager Self-Administered Questionnaire

This questionnaire is similar to that which you completed at 13 years. The purpose of this teenager questionnaire is to obtain information about a range of topics including your relationships at home, school and work, your self-confidence and perceptions of care and support that you receive from others, your health and recent medical history, and your knowledge around and participation in risk taking behaviours such as smoking, drinking and sexual activity.

## Please read each question carefully
